

ALIX'S WISH

2016 To Go To Disney World!

Alix, 6, who suffers from a blood disorder, wished to go to Disney World and meet her favourite princesses. She is a social little girl who loves getting her nails done, dressing up, and anything to do with ballet! Alix has spent the last few years hearing "No, that's too dangerous", and "Be careful!" due to her illness. She just wanted to be a 'normal' kid and have fun - and she knows that Disney is the best place to have fun!

Once Alix and her family settled in to their villa at Give Kids the World, they set off to visit Paris, her favourite city in the France Pavilion at Epcot. She was also able to spend some special 'girl' time with her older sister, and explore Disney together.

Her family says it was a trip of a lifetime for them, and they will have many memories to cherish.

Special thanks to Tip Limo, and thank you to our wonderful friends at Give Kids the World, WestJet, Sony and TuGo!

A very special thank you to all
