

CARSON'S WISH

2016 To go to Disney World!

Carson is a nine year old boy suffering with plexiform neurofibroma. He has many inoperable malignant brain tumors and spends many days at the hospital. When we met Carson he really, really wanted for him and his family to go to Disney. During the first visit he received the Make-A-Wish bear since the first visit Carson and his little sister Olivia were telling the Make-A-Wish bear every night that they wished they could go to Disney World!

While Carson was waiting for his wish to be granted he and his mom fundraised to be able to grant another child's wish. This past summer this remarkable young man raised the funds to adopt Cody's Lego Playhouse. He even came to help decorate!

In November during the Make-A-Wish Gala Masquerade Ball we had a huge reveal in store for Carson. We revealed his wish with the help of Scooby Doo. He and his family were going to Walt Disney World and leaving the very next day!!

The family had a magical vacation and made many memories that will last a lifetime.

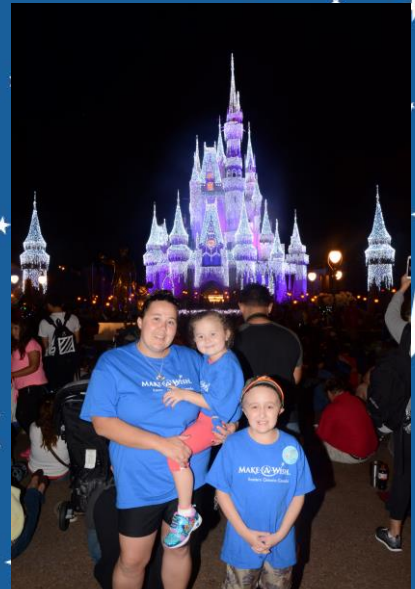

Thank you to Give Kids The World, Sony, WestJet and TuGo Insurance.

A very special thank you to all
