

# TYSON'S WISH

## 2016 To go to Disney World to see Mickey & Donald!

Tyson is a happy 9-year-old boy, who was born with a neuro genetic syndrome called Angelman Syndrome. He also suffers from epilepsy.

Tyson really loves the Disney Channel and he likes watching Disney shows on his iPad. Mickey and Donald are his all-time favorite characters.

Tyson's wish was to go to Disney World. At the end of July, Tyson and his family were whisked away in a Limousine to board a flight to Orlando, Florida. They enjoyed a carefree week at Give Kid the World Village. While there, they visited the many theme parks and attractions. Some of Tyson's favorite moments of his trip were meeting Mickey and going on the Splash Mountain ride. The family had a fantastic week and they are truly grateful for everyone that made Tyson's wish possible.

Thank you to Give Kids the World, Sony Canada, TUGO Insurance, Tip Limousine for their generous support.

A very special thank you to all
