

WISH STORY

ZACHARY'S WISH

2016 To have a Hot Tub!

Zachary is a fifteen year old boy suffering with a brain tumor. When we met Zach for this first visit he ask If he could wish for a hot tub. He wanted a place that he could listen to music and just relax.

In May 2016 Zach's wish came true! A group of volunteers came out to do some digging and prep the area for the Installation. We also requested the help of a few companies. West End Forming donated a cement slab to ensure proper Installation and Sani Sol came to deliver the great big surprise. Zachary had his very own wish hot tub designed In the shape of a "W". That's a pretty amazing and cool wish!

Zachary was so excited to try his new toy that he jumped in that night before the tub could fully warm up.

"Zachary does not say much but just the little smile he had when he saw it I knew he loved it! Thank you so much for everything"- Zach's mom Zachary will be very relaxed for year to come! Enjoy the bubbles and the tunes!!

We would like to thank everyone who donated their time for Zach's wish and our corporate partners Marquis for your help with the beautiful Hot Tub

A very special thank you to all
