

# CAMREN'S WISH

## 2016 To go to Disney World!

When we walked through the front door on our first visit, there stood a shy little 3-year-old boy. Little did we know, shy was not the accurate word to describe Camren. It didn't take long for Camren to show us how lively and full of energy he could be! Mom shared with us a little of Camren's experience cancer. Now, in remission, Camren is a lively little firecracker who gives out the best hugs ever!

On the day that Camren's wish was revealed, he was running around the house, excited to see his Wish Grantors again. A smile that is forever engrained in our memories as big as Christmas morning smile, did not leave Camren's face. Camren was going to Disney, with a stuffed P.K. Subban, (his favorite hockey player) to keep him company. Camren would be spending his fourth birthday with Mickey Mouse and his friends. Camren's Mom was in tears as Camren opened his wish gifts ... "This is amazing, you guys are amazing, thank you."

After a very difficult few years with Camren's health and treatments, his parents were very grateful to celebrate his fourth birthday. They chose to go on the trip to Disney World with just Camren, and it almost seemed like a fresh, healthy start for them all. Camren and his parents spent a week in Disney, with one day - Camren's birthday - spent having lunch and hanging out with Mickey Mouse and his friends. Camren's mom told us that he got lots of kisses from the Disney Princesses, especially Snow White. She also told us that Camren enjoyed the rollercoasters as well. To quote Camren's Mom, "It was an amazing experience!

**A very special thank you to all  
Agents Of Change with  
Playing It Forward for Wishes  
for adopting Camren's wish!**
