

RILEY' WISH

2016 To go to Disney World

Riley is an adorable 7 year old suffering Acute lymphoblastic leukemia. He enjoys playing Lego and loves roller coasters. His one true wish was to go to Disney World so he could meet all the characters!

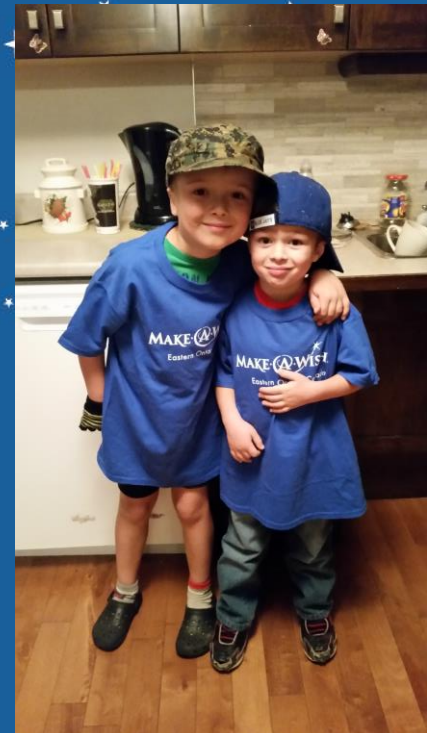

On November 23, 2016 Riley and his family arrived at the airport and was greeted by a WestJet representative This is when Riley's magical wish experience would start.

Little word from Nicholas' mother on their wish experience " Riley had a blast, his by far favorite thing about the trip was Give the Kids The World. He loved waking up every morning and walking down to the merry-go-round and eating ice cream all through the day. He got to go on his first ever Roller Coaster with his little brother and he screamed his way all the way while waving his hands in the air. Meeting all the Disney characters were another favorite he was so excited that most times you'd have to remind him that there were other children waiting . Our trip was a great experience and the people we got to meet were amazing, both kids still talk about the trip everyday and Riley talks about how to wants to help make trips like this for other kids. It was an great way to finish a major part of our life's. Thank you for this experience."- Darleen (Riley's mom)

Thank you Give Kids the World, WestJet, Sony and TuGo for helping make Riley's wish come true!

A very special thank you to all
