

EMMA'S WISH

To have a Hot Tub!

Emma is 16-years-old girl who lives with Angelman's Syndrome. She loves Scooby-Doo but like most Angelman children she has a huge fascination for water. When we met Emma for her first visit she expressed how much she loved the water.

In May 2017 Emma's wish came true! A group of volunteers came out to do some digging and prep the area for the Installation. We also requested the help of a few companies. West End Forming donated a cement slab to ensure proper Installation and Sani Sol came to deliver the great big surprise. Emma had her very own wish hot tub with plenty of room to invite friends and family. That's a pretty amazing and cool wish!

"We cannot thank this organization enough! This is a dream come true for my daughter that she will benefit from for years to come! Thanks again to Annie and the entire team and trades that supported this wish!!!" -Emma's mom

Thank you to Play It Forward For Wishes for adopting Emma's wish and helping make her dream come true!
